Notwithstanding Article 101 of the Agreement, the EC Commission shall invite experts from the EFTA States according to Article 99 of the Agreement, to participate in the tasks which are described in Article 2, second indent of the Council Decision 75/320/EEC.

The EC Commission shall, in due time, inform the EFTA Surveillance Authority about the date of the meeting of the Committee and transmit the relevant documentation.

The EFTA Surveillance Authority shall monitor the application of the decisions taken by the EFTA States as provided for in Article 109 of the Agreement.

Where any of the relevant acts provide for Community procedures on the granting, suspension and withdrawal of a marketing authorisation as well as supervision, including pharmacovigilance, and inspections and sanctions, these and similar tasks shall be carried out by the competent authorities in the EFTA States, on the basis of the same obligations as those of the competent authorities of EC Member States.

Should any disagreement between the contracting parties arise as to the administration of these provisions, Part VII of the Agreement shall apply mutatis mutandis.

The EFTA States shall therefore participate in the Community contribution referred to in Article 67(3) of Regulation (EC) No 726/2004 of the European Parliament and of the Council.

For this purpose the procedures laid down in Article 82(1)(a) and Protocol 32 of the Agreement shall apply mutatis mutandis with regard to the financial contribution of the EFTA States to the above mentioned Community contribution.

The EFTA States may send observers to meetings of the Agency’s Management Board.

The EFTA States shall be fully associated with the work of the Committee for Medicinal Products for Human Use (CHMP), the Committee for Medicinal Products for Veterinary Use (CVMP), the Committee on Orphan Medicinal Products (COMP), the Paediatric Committee [2], the Pharmacovigilance Risk Assessment Committee (PRAC) [2] and the Committee on Herbal Medicinal Products (HMPC). The detailed arrangements of participation for the representatives of EFTA States shall be in accordance with the provisions of Title IV, chapter 1, of Regulation (EC) No 726/2004 of the European Parliament and of the Council. Such representatives shall, however, not participate in the voting and their positions shall be recorded separately. The position of Chairman shall be reserved for a member nominated by an EC Member State.

The EFTA States shall fully participate in the Telematic Exchange of Information on Medicinal Products (IMP) programme.

Iceland and Norway shall provide their national competent authorities and the marketing authorisation holders with the linguistic version of the marketing authorisations required to access their own market.

A marketing authorisation granted for a medicinal product following an opinion adopted by the competent EMEA scientific Committee in accordance with Article 9 or Article 34 of Regulation (EC) No 726/2004 of the European Parliament and of the Council shall not be subject to any fees other than those referred to in Article 67(3) and Article 70 of Regulation (EC) No 726/2004 of the European Parliament and of the Council.

The Agency having legal personality shall enjoy in all the States of the Contracting Parties the most extensive legal capacity accorded to legal persons under their laws.

The EFTA States shall apply to the Agency the Protocol of Privileges and Immunities of the European Communities.
