

ANNEX X

REFERRED TO IN ARTICLE 36

RECOGNITION OF QUALIFICATIONS FOR ENGINEERING SERVICES

Where, in the territory of a Party, the supply of an engineering service is subject to qualification requirements such as a diploma or a professional title, the competent authorities of the Parties shall embark on a work programme to develop any necessary disciplines for the recognition of diplomas and professional titles awarded by another Party as a means of complying with the relevant regulatory requirements. This work program shall aim to be completed within three years from the date of entry into force of this Agreement.
