- (2) Regulation (EU) 2017/2395 of the European Parliament and of the Council of 12 December 2017 amending Regulation (EU) No 575/2013 as regards transitional arrangements for mitigating the impact of the introduction of IFRS 9 on own funds and for the large exposures treatment of certain public sector exposures denominated in the domestic currency of any Member State<sup>2</sup>, is to be incorporated into the EEA Agreement.
- (3) Directive 2013/36/EU of the European Parliament and of the Council of 26 June 2013 on access to the activity of credit institutions and the prudential supervision of credit institutions and investment firms, amending Directive 2002/87/EC and repealing Directives 2006/48/EC and 2006/49/EC<sup>3</sup>, as corrected by OJ L 208, 2.8.2013, p. 73 and OJ L 20, 25.1.2017, p. 1, is to be incorporated into the EEA Agreement.

(6) The potential for unwarranted reductions in own funds requirements from the use of internal models has, inter alia, been limited by national legislation implementing Article 152 of Directive 2006/48/EC, which, by the end of 2017 was replaced by Article 500 of Regulation (EU) 575/2013. There are, however, still several other provisions in Regulation (EU) 575/2013 and Directive 2013/36/EU which allow competent authorities to address the same issue, including the possibility for measures to counterbalance unwarranted reductions in the risk-weighted exposure amounts, see for instance Article 104 of Directive 2013/36/EU, and to impose prudent margins of conservatism in the calibration of internal models, see for instance Article 144 of Regulation (EU) 575/2013 and Article 101 of Directive 2013/36/EU.

(7) Annex IX to the EEA Agreement should therefore be amended accordingly,

HAS ADOPTED THIS DECISION:

In the absence of an EFTA Surveillance Authority proposal within that period of one month, the EFTA State concerned may immediately adopt the draft national measures for a period of up to two years or until the macroprudential or systemic risk ceases to exist if that occurs sooner.

The Standing Committee of the EFTA States shall decide on the proposal by the EFTA Surveillance Authority within one month after receipt of the proposal and state its reasons for rejecting or not rejecting the draft national measures.

The Standing Committee of the EFTA States shall only reject the draft national measures if it considers that one or more of the following conditions are not complied with:

- (c) the draft national measures are more suitable to address the identified macroprudential or systemic risk and do not entail disproportionate adverse effects on the whole or parts of the financial system in other Contracting Parties or in the EEA as a whole, thus forming or creating an obstacle to the functioning of the internal market;
- (d) the issue concerns only one EFTA State; and
- (e) the risks have not already been addressed by other measures in this Regulation or in Directive 2013/36/EU.

The assessment of the Standing Committee of the EFTA States shall take into account the opinion of the ESRB and EBA and shall

be based on the evidence presented in accordance with paragraph 2 by the authority determined in accordance with paragraph 1.

In the absence of a decision of the Standing Committee of the EFTA States to reject the draft national measures within one month after receipt of the proposal by the EFTA Surveillance Authority, the EFTA State may adopt the measures and apply them for a period of up to two years or until the macroprudential or systemic risk ceases to exist if that occurs sooner.”;
