ANNEX II

REFERRED TO IN ARTICLE 2.3

SCHEDULE OF TARIFF COMMITMENTS ON GOODS

COMMITMENTS OF MERCOSUR ON GOODS

ORIGINATING IN AN EFTA STATE

ARTICLE 1

General Provisions

1. This Annex specifies the obligations of MERCOSUR regarding the application of customs duties on imports.

2. For the purposes of the Agreement, MERCOSUR shall apply its respective customs classification system for imported goods, at eight-digit level, which shall be based on the HS in its 2022 version or any subsequent amendment thereto approved by the Parties.

3. MERCOSUR shall reduce or eliminate customs duties on imports on goods originating in an EFTA State in accordance with the schedule of tariff commitments set out in this Annex.

4. At the time of importation, the lower duty between the most-favoured-nation applied rate and the applicable customs duty on imports set out in this Annex shall prevail.

5. For the purposes of the bilateral tariff-rate quotas (TRQ) set out in this Annex, if the entry into force of the Agreement corresponds to a date after 1 January and before 31 December, the in-quota quantity shall be pro-rated on a proportional basis for the remainder of that calendar year. Thereafter, MERCOSUR shall make available the entire yearly quota quantity established in accordance with the schedule of tariff commitments set out in this Annex to quota applicants throughout the course of the calendar year.

ARTICLE 2

Specific Provisions

1. The provisions regarding the schedule of tariff commitments set out in this Annex are expressed in terms of the MERCOSUR common tariff schedule "Nomenclatura Común del MERCOSUR/Nomenclatura Comun do MERCOSUL 2025" (NCM 2025). The interpretation of the provisions of the schedule of tariff commitments, including the product coverage of subheadings of the Schedule, shall be governed by the General Notes, Section Notes and Chapter Notes of the NCM 2025.

2. For the purposes of this Annex, "year zero" means the period of time beginning on the date of entry into force of the Agreement for each State Party and ending on 31

December of the same calendar year. Year one and the following years mean the subsequent calendar years. As provided for in paragraph 3 of Article 16.5 (Entry into Force) of the Agreement, different years may apply for each MERCOSUR State and for each EFTA State in accordance with the respective date of entry into force of the Agreement between them. For greater certainty, calendar year is a one-year period beginning on 1 January and ending on 31 December.

3. Customs duties on imports originating in an EFTA State subject to tariff elimination or reduction shall be eliminated or reduced in equal annual stages beginning on the date of entry into force of the Agreement for each State Party, with each subsequent tariff reduction taking effect on 1 January of each subsequent year.

Consequently, the following terms and conditions shall apply to the tariff commitments granted by MERCOSUR for goods originating in an EFTA State, in accordance with Table 1 set out in paragraph 5:

(a) customs duties on originating goods indicated as '0' in the Staging Category shall be eliminated entirely, and such goods shall be duty-free as of the entry into force of the Agreement;

(b) customs duties on originating goods indicated as '4' in the Staging Category shall be eliminated in five equal annual stages and such goods shall be duty-free on 1st January of year four;

(g) customs duties on originating goods indicated as 'FP20%Y5' in the Staging Category shall be reduced in six equal annual stages until reaching a 20% margin of preference on 1 January of year five[2];

---

[1] In the case of Argentina, for customs duties on originating goods indicated as '15(*)', namely tariff lines 1701.13.00, 1701.14.00 and 1701.91.00, tariff elimination in this Staging Category applies only to the base rate, and customs duties triggered in a situation foreseen in Decree 797/92 shall continue to apply.

[2] Customs duties on originating fish oil products based on Omega 3 classified under tariff line 2106.90.30 shall be duty-free as of the entry into force of the Agreement.

4. For goods subject to successive tariff dismantling, the base rate of customs duties on imports, which is the respective applied duty of each MERCOSUR State as of January 1st, 2025 shall be specified in the schedule of tariff commitments.

5. The following table summarises MERCOSUR’s tariff elimination or reduction schedule, in terms of the margin of preference granted to each category during the dismantling period:
