- (d) recommendations, if any, for the resolution of the dispute and the implementation of the ruling.

3. The final report shall include an assessment of the written comments received from the parties to the dispute on the initial report.

4. The final report, as well as any report under Articles 9.8 (Implementation of the Final Panel Report) and 9.9 (Compensation and Suspension of Benefits), shall be communicated to the Parties. The reports shall be made public, unless the parties to the dispute decide otherwise.

5. Any ruling of the arbitration panel under any provision of this Chapter shall be final and binding upon the parties to the dispute. Nothing in the final report may add to or diminish the rights and obligations of the Parties under this Agreement.

ARTICLE 9.8

Implementation of the Final Panel Report

1. The Party complained against shall promptly comply with the ruling in the final report. If it is impracticable to comply immediately, the parties to the dispute shall endeavour to agree on a reasonable period of time to do so. In the absence of such agreement within 45 days from the issuance of the final report, a party to the dispute may request the original arbitration panel to determine the length of the reasonable period of time, in light of the particular circumstances of the case. The ruling of the arbitration panel should be given within 60 days from the receipt of that request.
2. The Party complained against shall notify the other party to the dispute of the measure adopted in order to comply with the ruling in the final report, as well as provide a detailed description of how the measure ensures compliance sufficient to allow the other party to the dispute to assess the measure.
3. In case of disagreement as to the existence of a measure complying with the ruling in the final report or to the consistency of that measure with the ruling, such disagreement shall be decided by the same arbitration panel upon the request of a party to the dispute before compensation can be sought or suspension of benefits can be applied in accordance with Article 9.9 (Compensation and Suspension of Benefits). The ruling of the arbitration panel should be rendered within 90 days from the receipt of that request.

ARTICLE 9.9

Compensation and Suspension of Benefits

1. If the Party complained against does not comply with a ruling of the arbitration panel referred to in Article 9.8 (Implementation of the Final Panel Report), or notifies the complaining Party that it does not intend to comply with the ruling in the final panel report, that Party shall, if so requested by the complaining Party, enter into consultations with a view to agreeing on mutually acceptable compensation. If no such agreement has been reached within 20 days from the receipt of the request, the complaining Party shall be entitled to suspend the application of benefits granted under this Agreement but only equivalent to those affected by the measure that the arbitration panel has found to be inconsistent with this Agreement.
2. In considering what benefits to suspend, the complaining Party should first seek to suspend benefits in the same sector or sectors as that affected by the measure that the arbitration panel has found to be inconsistent with this Agreement. The complaining Party that considers it is not practicable or effective to suspend benefits in the same sector or sectors may suspend benefits in other sectors. The complaining Party will take into consideration those concessions or other obligations the suspension of which would least disturb the functioning of this Agreement.
3. The complaining Party shall notify the Party complained against of the benefits which it intends to suspend, the grounds for such suspension and when suspension will

commence, no later than 30 days before the date on which the suspension is due to take effect. Within 15 days from the receipt of that notification, the Party complained against may request the original arbitration panel to rule on whether the benefits which the complaining Party intends to suspend are equivalent to those affected by the measure found to be inconsistent with this Agreement, and whether the proposed suspension is in accordance with paragraphs 1 and 2. The ruling of the arbitration panel should be given within 45 days from the receipt of that request. Benefits shall not be suspended until the arbitration panel has issued its ruling.

4. Compensation and suspension of benefits shall be temporary measures and shall only be applied by the complaining Party until the measure found to be inconsistent with this Agreement has been withdrawn or amended so as to bring it into conformity with this Agreement, or until the parties to the dispute have resolved the dispute otherwise.

5. At the request of a party to the dispute, the original arbitration panel shall rule on the conformity with the final report of any implementing measures adopted after the suspension of benefits and, in light of such ruling, whether the suspension of benefits should be terminated or modified. The ruling of the arbitration panel should be given within 30 days from the receipt of that request.

ARTICLE 9.10

Other Provisions

1. Whenever possible, the arbitration panel referred to in Articles 9.8 (Implementation of the Final Panel Report) and 9.9 (Compensation and Suspension of Benefits) shall comprise the same arbitrators who issued the final report. If a member of the original arbitration panel is unavailable, the appointment of a replacement arbitrator shall be conducted in accordance with the selection procedure for the original arbitrator.

2. A written submission, request, notice or other document shall be considered received when it has been delivered to the addressee through diplomatic channels, unless otherwise agreed by the parties to the dispute. An electronic copy should be submitted simultaneously to the respective e-mail addresses designated and notified by the parties to the dispute.

3. Any time period mentioned in this Chapter may be modified by mutual agreement of the parties to the dispute or, upon request of a Party, may be extended by the arbitration panel.

4. When an arbitration panel considers that it cannot comply with a timeframe imposed on it under this Chapter, it shall inform the parties to the dispute in writing and provide an estimate of the additional time required. Any additional time required should not exceed 30 days.

5. The costs of arbitration shall be borne by the parties to the dispute in equal shares. Each party to the dispute shall bear its own legal and other costs incurred in relation to the arbitration.
