EEA JOINT COMMITTEE DECISIONS ADOPTED TO DATE IN 1998

This list provides the following information: firstly, it gives the date by which the legislation referred to must be complied with in the EU; secondly, it gives the exact publication reference in the Official Journal and the EEA Supplement. The date on which an EFTA EEA State is obliged to implement the act in question depends on several factors, i.a. the date of adoption of the Joint Committee decision, possible need for parliamentary approval and the existence of transition periods or derogations.

Terminology used in this list

The **stated date of entry into force** as provided for in each decision applies where there are no constitutional requirements to be fulfilled by any contracting party before a decision can enter into force, or where the fulfilment of such requirements is notified before the stated date. Where one of the contracting parties needs to fulfil constitutional requirements and notification is received after the stated date of entry into force, the **confirmed** date of entry into force will be the first day of the second month following the last notification (c.f. Article 103 of the EEA Agreement). In such cases a formal notification is sent out by the Secretary to the Joint Committee once the last notification has been received, indicating the actual entry into force date of the decision concerned. This list is also updated accordingly and uses the terminology "confirmed entry into force date" following notification under Article 103.

Errors

Please note that the correct compliance date in decision **37/98** is 16 December 1999, and 23. April 2000 in decision **53/98**. The references to the EC legislation in decisions nos **36/98** and **37/98** are corrected to 97/42/EC and 96/71/EC, respectively.
The correct date of adoption of decision **54/98** is 3 June 1998, not 29 May 1998.
