Article 1

Price Compensation Measures

1. In order to take account of differences in the cost of the agricultural raw materials incorporated into the products referred to in Article 2, the Convention does not preclude:

- (a) the levying of a duty upon import; and
- (b) the application of measures adopted upon export.

2. The duty levied upon import shall be based on, but not exceed, the difference between the domestic price and the world market price of the agricultural raw materials incorporated into the products concerned.

Article 2

Tariff Concessions

Subject to the provisions laid down in Article 1, the Member States shall accord for products listed in Table Tariff Concessions, originating in another Member State, treatment no less favorable than that accorded to the European Union.

Article 3

Notification

1. The Member States shall notify each other of all measures applied under Article 1 at an early stage before their entry into force.

2. The Member States shall inform each other of all changes in treatment accorded to the European Union.

Article 4

Consultations

The Member States shall periodically review the development of their trade in products covered by this Annex. Joint Declaration

Further liberalisation with regard to Basic Agricultural Products

In the context of Article 3 of Annex V to the Convention (“Further liberalisation”), recognising the importance of developing trade between them and with a view to further enhancing market access in the respective field, the EFTA States agree to examine, no later than two years after the entry into force of Annex V, the administration of the cheese quota granted by Norway and Iceland. In particular, the administration method of the quota will be reviewed on the basis of information about the quota fill and fees, with a view to finding appropriate solutions. Furthermore, the EFTA States will exchange relevant information on trade flows with a view to improving market access for products of special interest to them.
