ANNEX IX

REFERRED TO IN ARTICLE 4.9 (ANNEXES)

ELECTRICAL AND ELECTRONIC PRODUCTS

ARTICLE 1

Scope

This Annex shall apply to standards and conformity assessment procedures related to national technical regulations on electrical safety and electromagnetic compatibility (EMC) for placing on the market electrical and electronic equipment, electrical household appliances and consumer electronics.

ARTICLE 2

Acceptance of Test Reports

If a Party requires test reports as part of a conformity assessment procedure covered by this Annex, including approval procedures, that Party shall accept test reports issued by:¹

- (a) Certification Bodies (CB) testing laboratories under the International Electrotechnical Commission System for Conformity Testing and Certification of Electrical Equipment Certification Bodies' Scheme (IECEE CB Scheme) in accordance with the rules and procedures of the IECEE CB Scheme, accompanied by a valid CB Test Certificate; and
- (b) any testing laboratory accredited according to relevant and recognised international standards, guides and recommendations (including ISO/IEC 17025) by an accreditation body signatory to the Mutual Recognition Agreement of the International Laboratory Accreditation Cooperation (ILAC).

¹ Where national technical regulations other than on electrical safety and EMC contain conformity assessment procedures requiring test reports by third parties, the Party may specify the type or types of test reports required.
